

## **D.Reference to the context questions;**

### Context 1

> Arjun pressed his ear to the ground, listening intently. The grasslands of Kuno National Park seemed to whisper secrets carried on the warm breeze...

(a) What action does Arjun take to connect with nature?

→ Arjun presses his ear to the ground and listens carefully to the sounds of the grasslands to feel close to nature.

(b) What aspect of Kuno's history is Arjun familiar with?

→ Arjun knows about the cheetahs that once lived in Kuno but had disappeared long before he was born.

---

### Context 2

> That night, Arjun could barely sleep... carrying precious cargo from the airport.

(a) How does Arjun's excitement about the cheetahs' arrival manifest?

→ Arjun is so excited that he cannot sleep and eagerly joins the crowd the next day to welcome the cheetahs.

(b) How are the cheetahs transported to Kuno National Park?

→ The cheetahs are brought to Kuno National Park by air and then carried from the airport in special vehicles.

---

### Context 3

> As the first crate was carefully unloaded... more beautiful than he'd ever imagined.

(a) How does the crowd react to the arrival of the cheetahs?

→ The crowd cheers loudly and watches with excitement and awe as the cheetahs arrive.

(b) What is Arjun's immediate reaction upon seeing a cheetah?

→ Arjun is amazed by the cheetah's beauty and feels thrilled, realizing it is even more magnificent than he had imagined.

---

#### Context 4

> Over the next few weeks, Arjun spent every spare moment at the park's edge...

(a) How does Arjun spend his free time after the cheetahs' arrival?

→ Arjun spends his free time watching the cheetahs, sketching them, and observing their behavior closely.

(b) What method does Arjun use to record his observations of the cheetahs?

→ Arjun keeps a notebook in which he sketches and writes notes about the cheetahs' activities.

---

#### Context 5

> 'That's Aasha,' a voice said, startling Arjun...

(a) Who provides information about the cheetah named Aasha?

→ A park ranger provides the information about the cheetah named Aasha.

(b) What is the meaning and significance of the name 'Aasha'?

→ The name 'Aasha' means 'hope' in Hindi. It symbolizes hope for the successful return of cheetahs to India.

---

#### Context 6

> Months passed, and finally, the day came for the cheetahs to be released into the wider park...

(a) What significant event is taking place in this passage?

→ The cheetahs are being released from their enclosures into the wider Kuno National Park after their acclimatization period.

(b) How are Arjun and his peers involved in this important moment?

→ Arjun and his classmates are invited to witness the release of the cheetahs from a safe distance, and they watch in silent excitement and awe.

**E. Answer the following questions:**

1. Describe the significance of reintroducing cheetahs to Kuno National Park.

Bringing cheetahs back to Kuno National Park is very important because it helps restore India's wildlife. Cheetahs had disappeared from India long ago, and their return shows hope for saving and protecting animals that were lost.

---

2. How does Arjun's connection to nature evolve throughout the story?

At first, Arjun only loves listening to the sounds of nature. Later, he becomes more involved and curious. He watches the cheetahs, learns about them, and starts caring deeply for wildlife.

---

3. Explain the challenges the cheetahs might face in adapting to their new environment.

The cheetahs might find it hard to get used to the new land, weather, and food. They also have to learn to live safely among other animals and humans in Kuno.

---

4. How does the story illustrate the importance of wildlife conservation?

The story shows that protecting animals and nature is very important. If people care for wildlife, even lost species like cheetahs can return and live freely again.

---

5. Describe the role of the local community in the cheetah reintroduction project.

The local people help by supporting the project, protecting the cheetahs, and spreading awareness about saving animals and nature.

---

6. How does Arjun's interaction with Aasha impact his perspective on wildlife?

When Arjun learns about Aasha, the cheetah whose name means "hope," he feels inspired. He understands that every animal is special and that humans must protect them.

---

7. Discuss the potential ecological impact of reintroducing cheetahs to Kuno.

Cheetahs help keep nature balanced. They control the number of smaller animals and help the grasslands stay healthy. Their return makes the ecosystem stronger.

---

8. How does the story blend elements of tradition and modernity in its narrative?

The story mixes old and new ideas — it talks about India's lost cheetahs (tradition) and also about the modern scientific project to bring them back (modernity).
